

# Transfer Station, Inert Landfill, and Recycling

The Worth County Landfill, located in Poulan, Georgia is a solid waste disposal facility that buries trash and garbage beneath layers of soil or other cover materials. Sanitary Landfills, dump sites, and garbage dumps in Worth County are regulated by both the U.S. Environmental Protection Agency and by Georgia state environmental departments. Georgia is also responsible for permitting trash disposal facilities. Permitting rules determine the Worth County Landfill design, operations, and allowable waste streams offered to county residents.

You may contact the Solid Waste Facility for questions about:

- Worth County Landfill waste management policies
- Landfill facilities available to the public
- Household waste and yard waste policies
- Industrial waste, construction and demolition disposal
- Hazardous material disposal
- Worth County landfills, carting, trash pickup and disposal
